

# SAINT MICHAEL'S COLLEGE 1982

B. Puls

Dear Graduate of 1982:

We congratulate you on this important event in your lives, but remind you that it is only a beginning. We will miss you, but only as students since you are still with us as part of the extended family of Saint Michael's. We hope we have enriched your lives, but know at the best we have only triggered your appetites for more growth.

If you have been disappointed at times remember we are imperfect but work towards perfection. If you haven't given us your best, there is always tomorrow. We have all invested a part of ourselves in you. Please capitalize on that investment. And as you pursue your way through life, we hope that a little bit of Saint Michael's helps ease the way.

*Edward L. Henry*

Sincerely,  
Edward L. Henry  
President

# DEDICATION

J. Anderson

In choosing the dedication of the 1982 edition of the HILLTOP, the staff along with the graduating class has decided to pay tribute to one of this community's most vibrant members.

Charlotte Myers, alias the cookie lady, is a remarkable person. Besides brightening up the cafeteria with her smile, she has dedicated herself to the upbringing of her brother's three children, when an unfortunate accident left them orphans.

Lottie is known by everyone that eats or works at SAGA. Her smiling face and helpful advice on which dessert to choose to compliment the meal, brightens up even the dreariest of days. She has a good word for everyone and views each person as being special.

Lottie has a wonderful gift for life and lives each moment to the fullest, spreading her happiness to everyone she meets.

B. Puls

B. Puls

B. Puls

Four years does not seem like a very long time. After all it only amounts to about 1,420 days. But much can happen in four years. For many, the years between 1978 to 1982 have been, and will prove to be, the most important period in their lives.

This time, the "college" years, sets the pattern for our future lives. Careers, relationships, even political and societal opinions are formed during these four years.

College freshmen, upon entering school, believe they are "grown-up". And this observation is not far off mark.

B. Puls

B. Puls

B. Puls

B. Puls

For most, it is a chance to prove independence. A time to leave the nest and try out your wings. But in effect you are just moving from one nest to another.

In a college environment one experiences a growth which is an extension of the growing process started at home. But it is also an entirely new type of maturation.

Intellectual expansion is a large part of college life. But along with knowledge comes an awareness of social interaction and one's place in society. Taking these different types of growth into account, the environment in which a student spends these four years assumes great importance.

Seniors at St. Michael's College have had the opportunity to see a community, as well as fellow students and themselves, grow. The changes which Winooski and Burlington have gone through since our arrival are evidence that nothing stands still. Towns, as well as people, change and grow. And depending upon one's perspective, these differences can either enhance or hinder the total college experience.

The St. Michael's campus itself has undergone many changes since the graduating class arrived in the fall of 1978. Driving onto South campus on day one of orientation 1978, the now familiar sites seemed alien and even a little foreboding.

Sweeney

There were many names to remember — Alliot, Lyons, Alumni, Jemery — the list goes on and on. But soon these names become part of our lives. Then comes the venture to North campus or "North" as it is more commonly known. Here again we were faced with more buildings, more names of buildings, and . . . the experience of waiting in the cold for the infamous "Purple Haze".

While change is evident in the general atmosphere and actual look of the campus, the changes were gradual. As a result, these changes became a part of the St. Michael's experience, and unless one thinks about them, they are more or less taken for granted.

B. Puls

B. Puls

B. Puls

The most obvious change that has occurred is the addition of new buildings. When we arrived four years ago, Hodson was the "new dorm". One building, sectioned into twelve apartments, serving as preferred housing for those lucky enough to live there. This however did not serve to cut those residents out of the college community, for they were still required to subscribe to the SAGA meal plan. The big question . . . why then, did each apartment have a fully equipped kitchen? Hodson soon became part of the campus look, though at first it stood out with its modern "pre-fab" look.

B. Puls

B. Puls

B. Puls

B. Puls

The next addition was the Bergeron building. Although the structure appeared at first to be rather non-descript and non-functional, it has proven to be very a versatile addition to the St. Michael's campus. While housing faculty offices and classrooms, Bergeron also doubles as a meeting place for various groups and organizations on campus.

Perhaps the greatest change has been the Townhouse units which were erected over the Spring and summer of 1981. These new dormitories offer an alternative to those students seeking apartment living, but who, for one reason or another, choose to remain on campus.

B. Puls

B. Puls

The alteration of the mandatory SAGA meal plan, while a small change in itself, has forced students to face yet another step on the road to adulthood. For many, the responsibility of money management has become a reality. The lesson learned stated simply is - if you spend your money you can't buy food, and if you can not buy food, you don't eat. The result, as off-campus dwellers learned sooner than on campus residents, is a few lost pounds and a few more salads. But a general consensus would find the majority of students opting to stay off the meal plan.

B. Puls

B. Puls

The campus, while an integral part of college life, is not the only factor contributing to our educational experience. Therefore, the surrounding areas must be taken into account when measuring growth.

No, the rest of the world did not stand still during our four years at St. Michael's. The Winooski today is much altered from the small town we encountered four years ago. Many a nights ended with a walk over the bridge, through the town and up the hill towards home. Now these walks are more enjoyable due to the metamorphosis which has taken place.

S. Puls

B. Puls

Although there is as yet no dome covering Winooski, the landscape is much different than it was four years ago. The Winooski Block restoration turned an eyesore into a quaint block, reminiscent of an age past. The Champlain Mill has served many purposes. In addition to generating business and creating jobs, it has given students a new reason to visit Winooski. Now, rather than stopping in Winooski just to go to the bank, students can browse in the many shops or have a meal overlooking the river.

Not to be outdone by Winooski, Burlington has undergone quite a few changes also. Students observed the gradual change, which was begun in 1980.

B. Puls

B. Puls

The transformation started with the tearing up of the pavement on Church Street. Then came the building of the street into a walkway. Finishing touches included overhanging streetlights and awnings lining the storefronts. The unveiling of the Church Street Marketplace coincided with St. Michael's Homecoming Weekend. Now downtown Burlington is more than just streets and stores. It is a place to spend an afternoon, shopping, walking, or sitting and talking on one of the benches placed throughout the street.

B. Puls

B. Puls

Growth can be measured in many ways. In the past four years we have seen cities grow and prosper. We have seen our campus change and expand to meet new needs. But most importantly, we have experienced personal growth which will help to shape the rest of our lives. College has taken our impressionable minds and filled them with knowledge. And this knowledge covers a broad spectrum of concepts, from the meaning of man's place in the universe, to the proper way to use the Automatic Teller machines. We've learned the art of bouncing checks and the way to defend our positions logically.

Many of these new discoveries were taught to us, but most of them came naturally, as a result of interacting with and living a part of a community dedicated to stimulating such growth.

We have made many memories at St. Michael's. Some happy and some have seemed devastating. And while most of these memories will fade or be replaced in time, the results of them will stay with us forever. Perhaps we will not consciously think of St. Michael's everytime we make a decision or answer a question, but our time spent here will be with us, reflected in most everything we do, for the rest of our lives. It was time well spent.

McGranaghan

# 

Dear Jim,

Well, once again I survived Homecoming Weekend. It was a wild one. I think everyone would agree that a good time was had by all.

I can remember seeing the WELCOME ALUMNI banner hanging in front of Ross Sports Center, from then on the weekend became sort of a blur. There were so many people, so many things to do and only a weekend to fit it all in. It seems every fifteen minutes someone could be heard saying "Did you hear who came up?" or "Guess who's here?" Needless to say, there are many people I didn't get a chance to talk to.

It's too bad you couldn't make it, but I know it must be rough out there working for a living. The whole weekend was a blast from the past. Smiling faces everywhere you looked. Friday night we took Burlington by storm, St. Mike's graduates were everywhere.

A new walkway opened up in Burlington Saturday . . . Yes, the town is really looking up . . . It's amazing how much the town has changed in the past four years. Anyway, Saturday morning found downtown enjoying the festivities. There were jugglers, balloon vendors, you name it and it was there.

Then it was back to campus for the soccer game. It was a beautiful day, everyone was reminiscing about the "good ole days". It's hard to believe that next year I'll be one of the visiting instead of the visited (hopefully).

Saturday night was another night of parties, downtown, and general good times. But Sunday came all too quickly, and I'm suffering from a Homecoming Hangover — the only unpleasant thing about the whole weekend.

Well, I guess I'd better close for now and start doing some work or I'll never graduate.

Love,  
De

McGranaghan

# HALLOWEEN

# CLOWN WORKSHOP

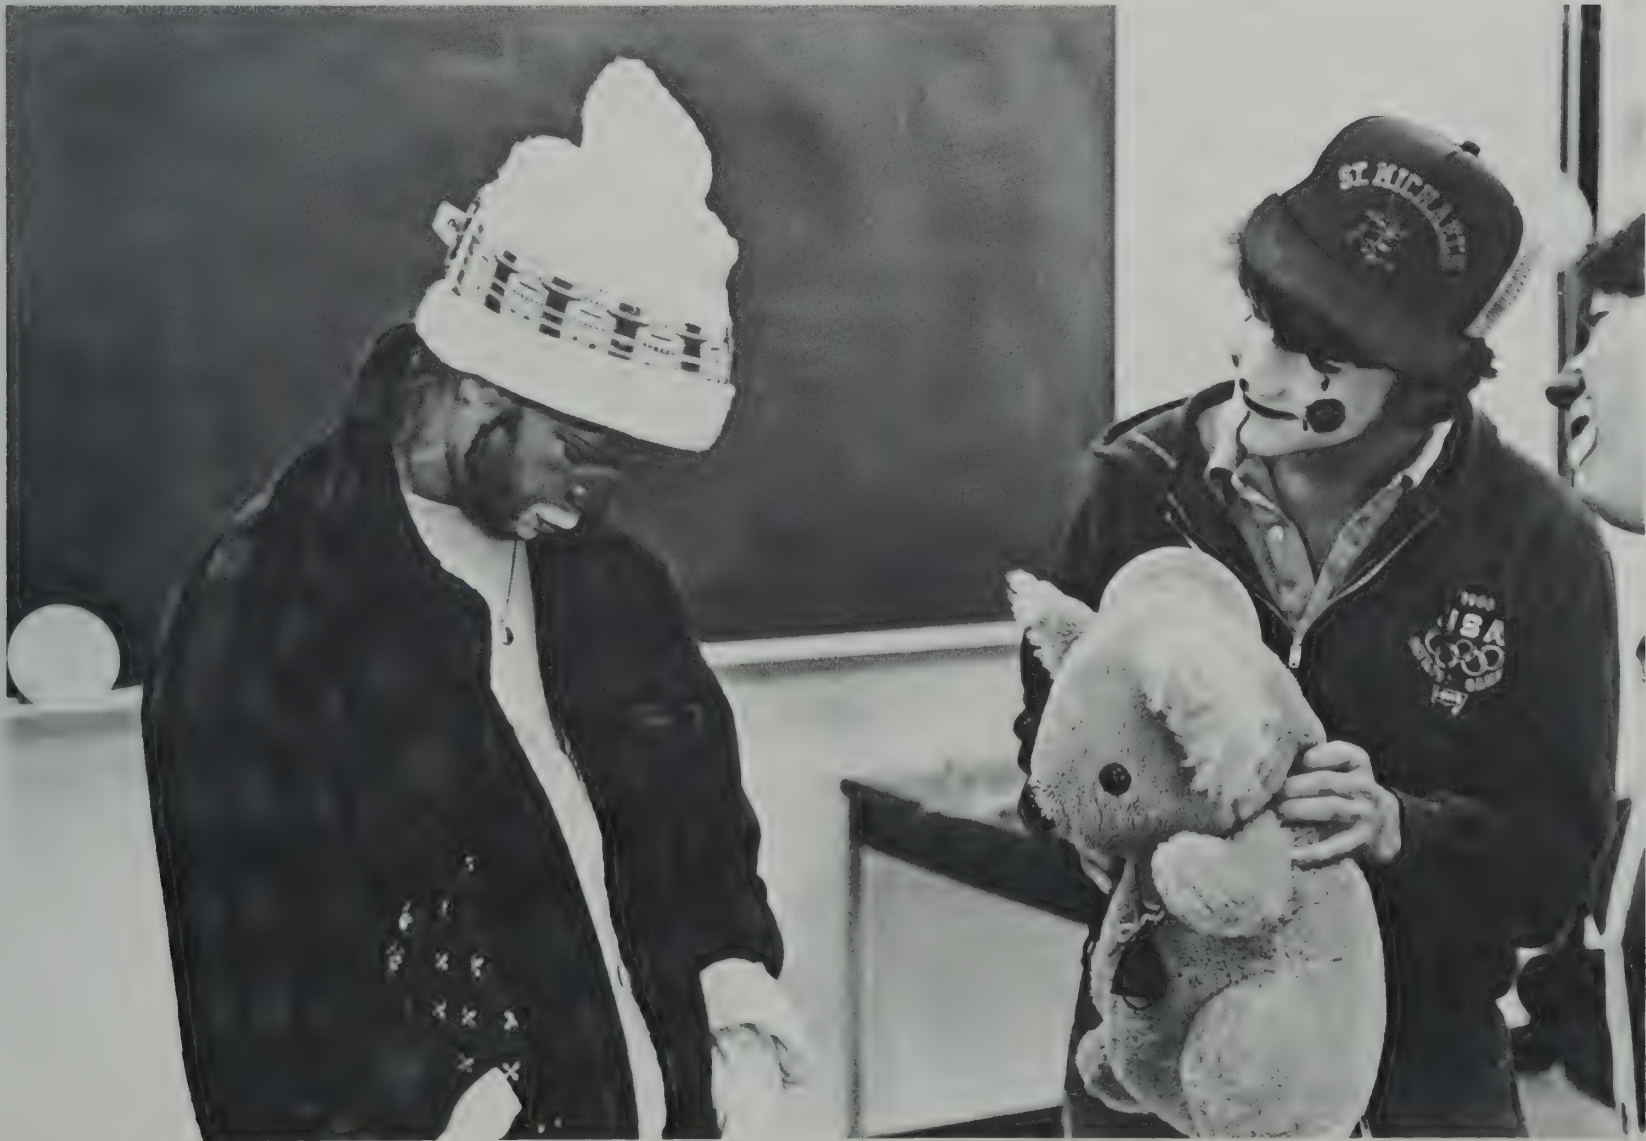

"It just isn't like me.  
I've never done anything like this before.  
I don't think I'm going to like it.  
Who else is going?  
Really, well . . . I don't know . . .  
Can I call you back?  
No?  
You have to know right now?  
Alright, I guess I'll go.  
I'll catch the Haze and meet you there.  
O.K.?  
Wait for me — don't go in without me.  
Alright, alright, you talked me into it.  
I'll meet you there.  
So long."

"Hi.  
I can't believe you talked me into this.  
Well, let's go in.  
Ohmygod.  
Look at Sue.  
Hi Sue, How ya' doin'?  
I didn't even recognize you.  
What?  
Well, I really just came to watch . . .  
But . . .  
O.K., just a little.  
Wait.  
Maybe the other color.  
Do my eyes like yours.  
Look at Fred.  
Never mind Fred, look at me.  
I can't believe it.  
You were right.  
I didn't know being a clown could be so much fun."

# SPORTS

The 1981-82 school year brought about many changes to the campus, especially in the Athletic Department. Following an 18 month investigation of Saint Michael's athletic program, a 13 member athletic task force recommended that changes be made in the school's athletic outlook.

Next year hockey, women's and men's lacrosse, and women's skiing and soccer will be elevated to varsity status. This will give St. Mike's 18 sports at the varsity level. However, with the birth of new varsity sports also came the cancellation of the club sports program.

In addition, other changes in athletics will be appearing. There will be a full-time assistant added to the athletic staff to help in women's sports. An athletic advisory committee will be set up to monitor the athletic program throughout the year. And improvements will be made to the women's facilities and the athletic fields near the Ross Sports Center. All of these were recommendations by the task force. The task force also suggested the implementation of a physical education program for the students, but it first must be approved by the curriculum committee.

# VOLLEYBALL

In its second year of competition, the women's volleyball team managed to play to a 5-9 record. Coach Leslie Brenker said along with the expansion of the program, tougher competition and a larger commitment from the players was also faced.

This year's squad was lead by co-captains Lee Rossobach and Robin Kelly. These girls provided leadership both in games and practices. Senior Jacylyne Bonneau, who was the team's most valuable player and strongest spiker, will be deeply missed next year, Brenker said.

However, most of the team will be returning with added experience and confidence. Coach Brenker is optimistic that the final two victories of this season proved that the team did have the skills and desire to win, and that the winning attitude will carry over into next season.

## MEN'S SOCCER

At the completion of the 1981 soccer season, one may look at the 5-7-1 record and say that the season was not a good one for the Purple Knights. But a different story must be told than the one illustrated by the cold, hard numbers.

The club, under the direction of Coach Bill Willey, had many challenges and obstacles to overcome. The biggest challenge that had to be met was SMC's demanding schedule. Five of the opponents were ranked in the national top twenty within their respective divisions.

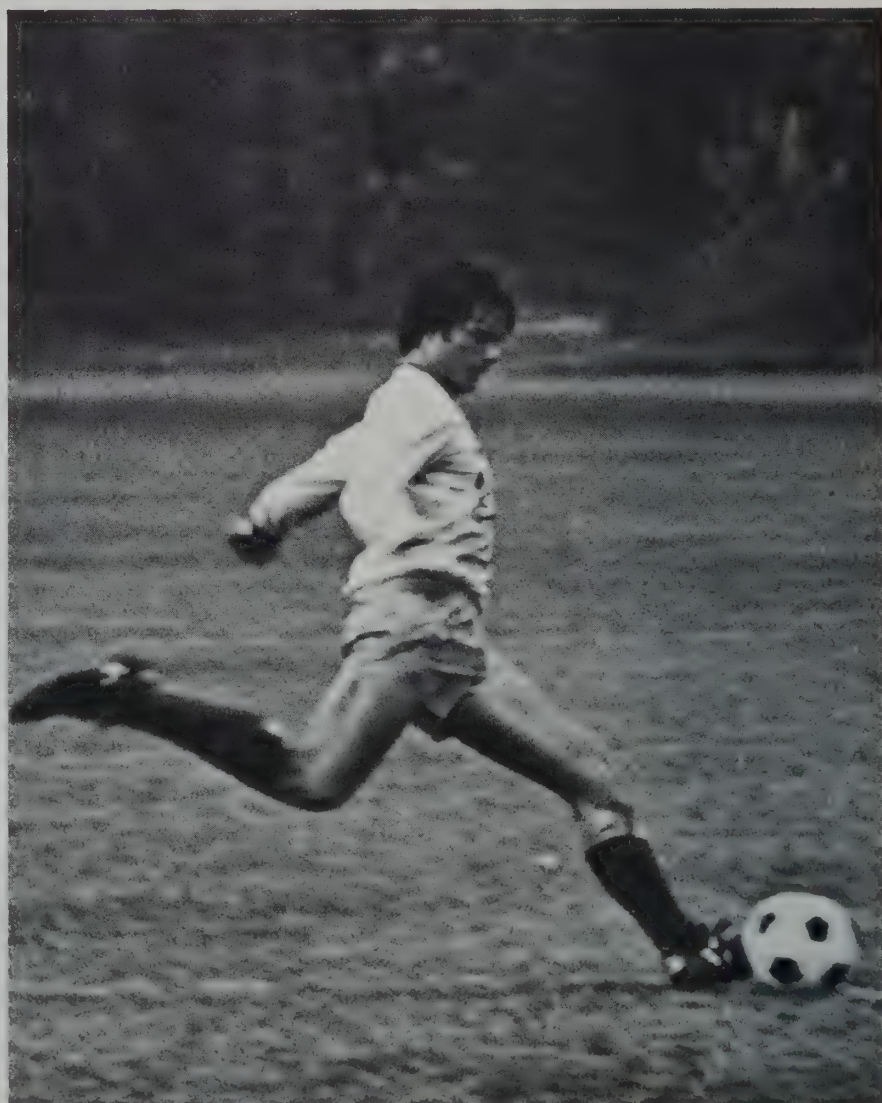

Breaking down the win/loss record would show that the team was 5-5-1 against Division II and III opponents. The two extra losses came at the hands of Division I teams.

The soccer team saw a lot of changes over the 1981 season. Inexperience and injury were two main obstacles that had to be faced. Many of the players were forced to work at new positions. Five players, who saw lots of playing time, were brought up from last year's "B" team.

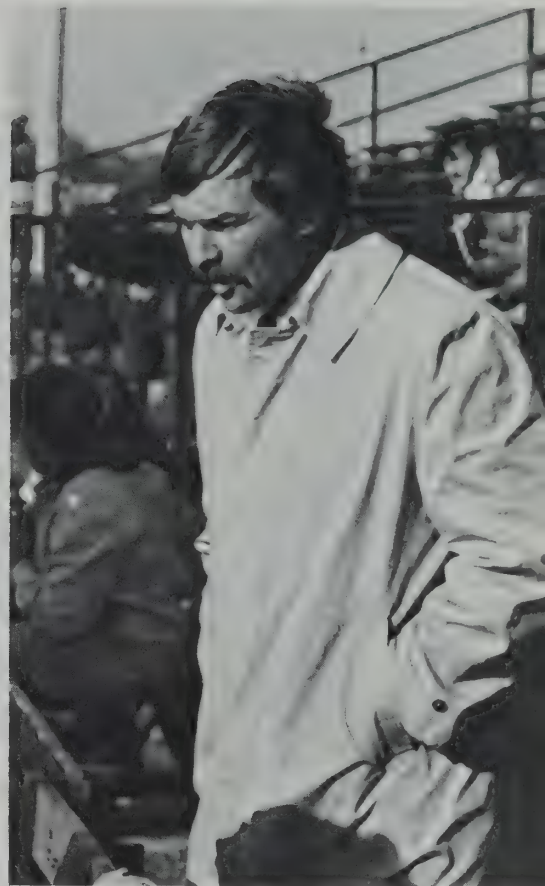

Even though the season's record was not on the winning side, the team has much to be proud of, valuable experience was gained by underclassmen and a winning attitude was generated by senior captains Bob Manning and Brian French.

Efforts by first year player Azagoh St. Ambrosia, Jeff Currier, and junior Paul Kenney, as well as the rest of the squad, made this year's season a success. When looking back at the overall season, it can be said that SMC played everyone on a very competitive basis.

The Knights are only losing four players to graduation and will be returning with a strong nucleus for the 1982 season. The team will be lead by captains Paul Kenney and Mike Flaherty. Unfortunately, also lost will be Coach Willey, who had devoted much time and energy into turning the soccer program around and earning the respect of others throughout the league.

## WOMEN'S TENNIS

This year's edition of Women's Tennis was one in which victory was hard to come by, but experience readily gained. Playing against an extremely competitive schedule in only its second year of varsity tennis, the team struggled with such traditionally strong programs as Middlebury, Colby and Colby-Sawyer. Also a rainy autumn caused the cancellation of four matches against teams of equal ability with St. Michael's and the possibility of a couple wins.

With the unexpected losses of key returning players, some lower ranked players moved up to a higher seeding and while not always competitive, improved their tennis markedly. The freshmen players were immediately rushed into play and were able to gain valuable experience in a short period of time.

Karen Quattrochi was named most valuable player and played very steady tennis despite missing her junior year. Seniors Ruth Callahan, Libby Sandiford and Mary Pat O'Rourke lent their experience to help make the season one of improvement and continual development.

Despite a 1-7 record there was much for coach Tom Obbagy to feel optimistic about. The return of freshmen Susan Kijanka, Sarah Hefford, Jeanne Duffy, and Ruth Reardon plus sophomores Julie McTierney and Kate Lyons and junior Margot White will provide a veteran nucleus for next season. All improved their game as the season went on and with continued practice the program should stay on the upswing.

# FIELD HOCKEY

The team finished with a record of 9-4 which is the best ever for St. Michael's field hockey. Because of their desire and determination, coach Jerry Piper refers to the girls as "the pride of St. Mike's" during the fall sports season.

The eighteen member squad was led by co-captains Nancy Raymond and Bridget Lyons. Raymond, senior all-star goalie, was voted Most Valuable Player by her teammates for her outstanding defense all season. She also set a school record for the most saves in a single game. Lyons emerged as the team's leading scorer in this her junior year.

The season was highlighted by an exciting last second overtime victory over Johnson State. It was the first time the Knights have beaten Johnson, which made the win all the more sweet. The team also won the St. Michael's Invitational Tournament, in which four teams competed.

Things look good for next year due to the fact that fourteen of the team's members are either in the class of '84 or '85. Coach Piper looks for records to be broken in the near future.

## CROSS-COUNTRY

The members of the 1981-82 cross-country team continued to demonstrate the enthusiasm and unity of previous years while improving their individual skills. Under the leadership of seniors Don McCarty, Rob Noonan, and Tom Hedges, the men's team compiled an 8-5 record, with many meets being decided by one or two points. The men finished a very respectable 21st of 32 teams entered in the Division II Eastern championships at the end of the season.

The women's squad, in its first varsity year, was hampered by injuries, internships, and inexperience. The team posted a 1-4 record, but many impressive individual goals were achieved. The team consisted of runners without high school experience who were constantly improving. The team was lead by seniors Lori Ducharme, Ann Walsh, and Kathy Damiata. Ducharme had an incredible season for St. Michael's, nearly qualifying for the nationals at the New England meet.

Although the teams will have to continue without such veteran men as Rob "Sunshine" Noonan, Don "Roger Bannister" McCarty, and Tom "Hungry" Hedges, and the women without Lori "Giggles" Ducharme, Kathy "Flash" Damiata, and Ann "The Hulk" Walsh, their footsteps will echo on the streets of Winooski forever. Underclassmen Ron Vernier and Bob Cartelli will be back to provide leadership next season. Coaches Zaf Bludevich and Rick Cleary said they expect to see continued improvement in the cross-country program next season, and hope for another fine year.

# SKIING

Competing against long established Eastern ski powers, this year's men's varsity team emerged as true contenders. Cumulative point totals earned St. Michael's fourth spot among New England Division II schools.

Nordic team members Dan Heney, Brian Kearney, Jim Hansen, Paul Ruta, and John Adamson contributed valuable consistency and an exciting relay team. The alpine team lacked consistency but were scoring threats, particularly in the slalom event.

St. Mike's co-hosted the Eastern Division II championships at Stowe, and the formula of nordic consistency and strong slalom finishes worked again. The Knights finished fifth out of the ten schools competing. Walt Chapin, Tom Croccier, Rob Allen, and Matt Verrochi placed 8th, 13th, 14th, and 18th respectively in the slalom.

With experience returning to both the nordic and alpine teams, the prospects for next year are very bright.

Women organized and established the first women's ski team this year at St. Mike's. Hard work, patience, determination and fun prevailed. Only one cross-country skier had previous experience, but the threesome of Mary Clare Cooper, Orinda Newton, and Lisa Luedeke all consistently placed in the top 15 in Division II competition. The alpine team of Lisa Luedeke, Jennifer Alexander, Chris Rogers and Janet Russell also skied well against veteran racers. The entire squad returns for 82-83 varsity status. A coach's delight.

## SENIOR EXECUTIVE BOARD

The Class of 1982 certainly stands out as a very special one for Saint Michael's. We came to St. Mike's from a variety of backgrounds and experiences, and departed as a close class with some special friendships that will last forever.

The Class of 1982 is justifiably proud of its contribution to the college. We helped to change and improve St. Mike's, not only for ourselves but also for others to follow. We instituted better intra-class communication and activities, coordinated more fundraising parties and events than any class before us. But what made the Class of '82 really special were the people. We learned, shared and grew with each other and we will always remember that.

We do not know what the future holds for us, we only know of where we have been. Our experience at Saint Michael's has enriched all of us. We will never have all that we had at St. Mike's, but we will always treasure the memories.

IN MEMORIUM

JOHN BOOTH

BRIAN CLEARY

TORIE GIBSON

JOHN ORGERA

KELLY SHEA

MRS. DANIELE MILLER

Dearest thou now O soul,  
Walk out with me toward the unknown region,  
Where neither ground is for the feet nor any  
path to follow:  
No map there, nor guide  
Nor voice sounding, nor touch of human hand,  
Nor face with blooming flesh, nor lips, nor eyes,  
are in that land.  
I know it not O soul,  
Nor dost thou, all is blank before us,  
All waits undream'd of in that region,  
that inaccessible land.  
Till when the ties loosen,  
All but the ties eternal, Time and Space,  
Nor darkness, gravitation, sense, nor any bounds  
surround us.  
Then we go forth, we float  
In time and space O soul, prepared for them  
Equal, equip'd at last (O joy! O fruit of all!)  
them to fulfil O soul,

Walt Whitman

## FIRE AND RESCUE SQUAD

When a St. Michael's College student died on an athletic field in 1969, a group of concerned students and administrators decided that his death was due to a lack of immediate and qualified emergency care in the area. These people got together and formed the St. Michael's Fire Department.

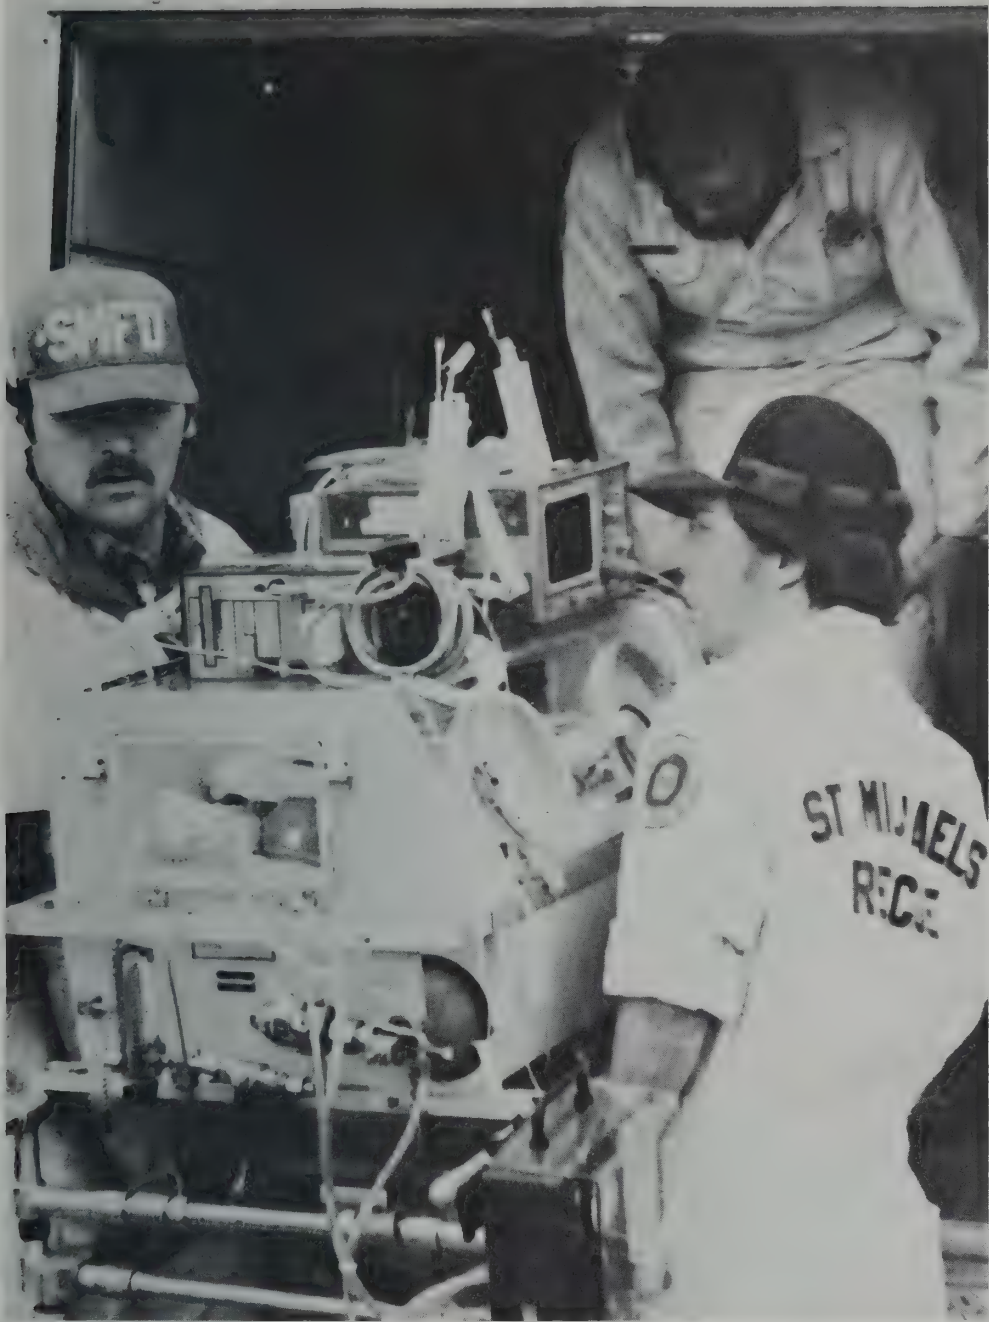

All members of the department volunteer their time and services and receive no financial reimbursement. Besides responding to emergency calls, members must take part in all fund raising activities to raise the money needed to cover the department's annual expenses.

The Fire Department is made up of two units — a fire unit and a rescue unit. The fire unit serves as a battalion of the Colchester Center Volunteer Fire Company.

This year the Unit answered over 150 fire calls. All members of this Unit must complete a 45 hour training school and attend fire training courses that are held throughout the state.

The rescue unit answered over 1200 calls this year. Included in these calls were premature infant transports. These transports are part of a special program which has helped to lower infant mortality in Vermont by 30 percent. All rescue personnel have completed the American Red Cross advanced first aid course and a course in cardio-pulmonary resuscitation. Most squad members undergo further training and take an Emergency Medical Technician course and a 45 hour course in intravenous therapy.

# CROWN AND SWORD

The Crown and Sword Society is a service organization whose services are available to the college and the surrounding community. Membership eligibility begins during the Sophomore year. The organization was founded twenty-six years ago for the purpose of providing student volunteer service at college events. Since then, the society has grown in both number and the types of activities at which it assists.

The school year '81-'82 was rather busy for the society. Crown and Sword provided help at Homecoming, Parent's Weekend, and Commencement. Masses at the chapel and various events were ushered by members. The M.S. Marathon was organized better than ever before, and members have

already begun putting together next year's.

Crown and Sword continued its community involvement by providing fundraising activities for the Heart Association and the Vermont Diabetes Association. The organization assisted at two evenings of the Vermont ETV membership drive.

Clubs or organizations should contact the group if help is needed. Its purpose is to serve, and members are happy to provide assistance when it's needed. More members are needed so that more people can benefit from the Crown and Sword's work.

## AFROTC

AFROTC provides the opportunity for young men and women to develop leadership and managerial skills in preparation for the future challenge of being an Air Force Officer. The opportunities for leadership experiences are many, whether it be visiting bases at various parts of the country or weekly academic commitments. It is during this time that a special sense of camaraderie is established among all members of the corps.

AFROTC is a commitment, but one that instills a sense of pride, accomplishment and enjoyment among all its members. For this is our preparation to assume positions of ever-increasing responsibility in the United States Air Force.

## CHORALE

The St. Michael's College Chorale is a 50 member student group directed by Dr. William Tortolano, SMC professor of Fine Arts. The Chorale rehearses twice a week and members earn one academic credit per year. The Chorale performs in many styles, among them classical, popular, and sacred, and in many instances the pieces are performed in the original language rather than in English translation.

Among the major works performed this year were the Winter section of *The Seasons* by Haydn, masses by Schubert and Mozart, and motets by Durufle.

The Chorale performs Homecoming and Parents Weekend and presents a major work in December with orchestra and soloists. This year the Chorale went on tour twice, to Canada in October, with concerts in Ottawa and Montreal, and the second in Pittsfield, Ma. and at St. Patrick's Cathedral in New York City. The Chorale also sang at the 11:45 mass at St. Patrick's Cathedral.

Sweeney

## WINTER WEEKEND

Dear Wally:

Well, now that you're a graduate and in the world of reality I guess you just don't have time for your old buddies up here at SMC. You really missed an excellent time by not taking the road trip here for Winter Weekend.

Winter Weekend officially started on Friday (but if you ask me it really started Thursday night at Finnegan's). We all went to the dance Friday night and the band was Hypertension, they were great! We even got Lumpy up on the dance floor boogeying. Before the day of the main event we hit DT for last call.

Saturday morning, with regrets of that race downtown for last call, we grudgingly put on our layers of warmth for the day at Smugglers. Lumpy drove, so we didn't have to take the bus. It was a beautiful, sunny day, with clear roads for a safe trip. At the mountain it was snowing, but that was just an additional high for the day.

The area at the mountain designated for St. Mike's was a sight. A smattering of colorful winter jackets, colliding, sliding and falling was present as always. But even more conspicuous were the kegs — Wally they were everywhere! There was one with a livingroom built around it. I mean, these people had a couch up on the mountain . . . It was wild!

Finally, after getting soaked, tired, and more importantly thirsty we trekked over to the bar in the usual St. Michael's spirit. Everyone was there.

The ride home and dinner passed quickly and once again we were in the midst of yet another SMC bash. This one continued on to become an after hours which left many swillers and swillettes worn out for an unsuccessful day of Sunday studying.

My plans for after graduation are as yet unsettled, but one thing I am certain of, next February will find me right back on the mountain, shivering, swilling, and generally going WILD! That's one party I'm not going to miss.

Love,  
June

# ACKNOWLEDGEMENTS

The 1982 Hilltop Staff would like to take this opportunity to thank all those people who helped with the publication of this yearbook. Without your help, this task could never have been accomplished.

- Nancy Lubinsky for her title page photograph
- Jane O'Hearn for the Winter Weekend write-up.
- Lisa Templeton for the Clown Workshop, theme, Orientation, Homecoming write-ups.
- Mark Fitzgibbons for the Crown & Sword write-up.
- The Fire & Rescue Squad for their write-up.
- The Chorale for their write-up.
- Mike DeOrsey and those who helped him with the sports write-ups.
- Scott Puls, Bridget Lyons and other photographers who helped Barb Puls.
- Shelagh Costello for her cover and divider designs.
- Mary Sullivan for her hard work and patience.
- Jacki Murphy for her patience and support.
- Dr. Edward Murphy for his encouragement.
- All those who helped with Senior Informals.
- Yearbook Associates for the terrific job on the Senior Portraits.
- All the parents and patrons for their financial support.
- Chris Meehan for all of his moral support.
- All friends, family and supporters who never doubted it could be done.

## THOUGHTS FROM THE EDITOR

As I write this page, it is hard to believe that the yearbook is complete and my term as editor is over. On this note, I would like to leave my readers with a final thought.

I should begin by saying that to put together a book that will reflect a year's worth of memories is not an easy task. I could not have done it alone, and there are many who have helped me and therefore, any appraisals or criticisms should be based on this consideration.

It is hard to express how I feel about having had the opportunity to be editor and the experience I have gained. It has been a privilege.

Sincerely,

*Darci Melcher*

Darci Melcher  
Hilltop Editor

The 1982 Hilltop was printed by Herff Jones in Gettysburg, Pennsylvania. Thirteen hundred and fifty copies of the 256-page book were printed with 150 line screen on 80 lb. Bordeaux gloss stock in black ink. Trim size is 9\*12 inches. The cover, designed by Shelagh Costello, is Smythe sewn, rounded and backed on 160 lb. binders board. The basic type style is Garamond for both headlines and body. Further information is available upon request.
